

**BEGIN  
WITH  
BIM**

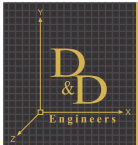

We are here to provide BIM Trainings to the students / job holders / job seekers From AEC Industry. The various skills set of each member, make the group unique and practical oriented BIM Agents.

**BIM Is Small Enough To Listen,  
Big Enough To Deliver.**

**COURSE DURATION 90 DAYS**

**Join Our Advance  
Training Programme  
Online + Offline  
Corporate Training**

Since-2015

ISO:9001-2015

**DESIGN & DRAFT<sup>®</sup>  
ENGINEERING INSTITUTE**

**AN MEP CENTER**

**Training | Placement Assistance | Mock Interviews | Site Visits**

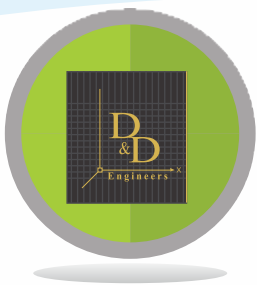

**NASHIK | AURANGABAD | NAGPUR**

# about US

Design & Draft Engineering institute is a progressive firm offering Comprehensive Training and placement Services For Engineers and Engineering students. The Certification courses are in the Field of MEP, BIM, construction support and building-oriented services. We are a young & aggressive firm continuously evolving and reshaping ourselves through our innovative & distinct approach as we always strive to stay ahead of the rapidly changing markets, advancing technologies and expanding our students and industrial needs.

In addition we Provide a building-oriented services. Our services comprise of 2D Drawings and 3D modelling covering comprehensive BIM Services, Drafting Services, MEP and Structural Domains. We intend to leverage regional conditions to meet international quality and performance standards. Our consistent attention to quality, on time delivery, client satisfaction and a clear perspective of long-term relationships have ensured that we have globally satisfied clients. We provide coordinated services between Architectural, Structural, and MEP services under-one-roof to reduce coordination efforts & conflicts between the disciplines for the client. If you only know one thing about us, let it be that D&D Engineers will satisfy all of your unique and varied engineering needs with quality. On-time & within the budget because we believe it's not only "About us" it's "about you" as well.

# about BIM

## WHAT IS BIM ?

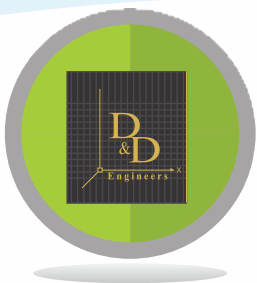

Building Information Modeling (BIM) is an intelligent 3D model-based process that gives architecture, engineering, and construction (AEC) professionals the insight and tools to more efficiently plan, design, construct, and manage buildings and infrastructure. BIM is a complex multiphase process that gathers input from team members to model the components and tools that will be used during the construction process to create a unique perspective of the building process.

## WHY WE SHOULD LEARN BIM?

BIM is used to design and document building and infrastructure designs. Every detail of a building is modeled in BIM. The model can be used for analysis to explore design options and to create visualizations that help stakeholders understand what the building will look like before it's built. .... Countries such as US, UK, MENA REGION, Singapore, Finland, Sweden, Norway adopted BIM and leading BIM at global level. Level 2 BIM has been mandated by respective governments of countries & hence lot of global opportunities are opened up for AEC Professionals & Students to start their career in BIM. In India, many professionals are working on global projects are delivering BIM services. It's a crucial time to start learning BIM so that Engineers can go hand in hand with technology.

## HOW TO START LEARNING BIM?

Here are some courses offered by D&D ENGINEERING INSTITUTE with software outline.

# BIM

## **COMPLETE BIM COURSE:**

**01. AUTOCAD 2D & 3D**

**02. AUTOCAD MEP**

**03. REVIT ARCHITECTURE, STRUCTURE, MEP**

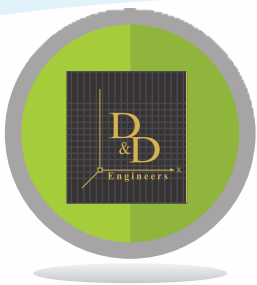

**04. BIM 360**

**05. NAVIS WORKS MANAGE**

**08. SCAN TO BIM**

**09. DYNAMO BASICS**

**10. LIVE PROJECT INTERNSHIP**

# BIM

## **BIM BASIC COURSE:**

**01. REVIT ARCH**

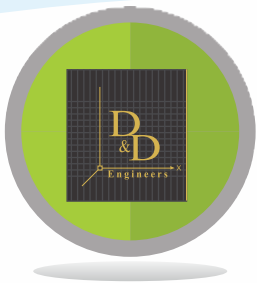

**02. REVIT STRUCTURE**

**03. REVIT MEP**

**04. BIM 360**

**05. NAVISWORKS MANAGE**

**06. LIVE PROJECT INTERNSHIP**

# BIM Arch.

## **BIM ARCHITECTURE COURSE :**

**01. AUTOCAD**

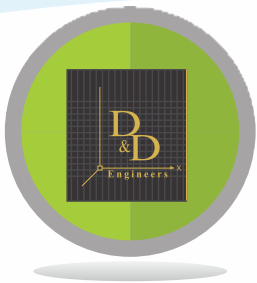

**02. REVIT ARCHITECTURE**

**03. NAVISWORKS MANAGE**

**04. BIM 360**

**05. SCAN TO BIM**

**06. LIVE PROJECT INTERNSHIP**

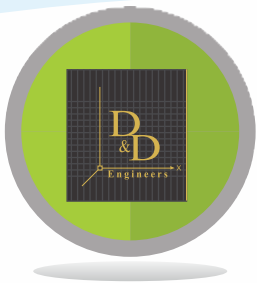

# BIM Struc.

## **BIM STRUCTURAL COURSE:**

- 01. AUTOCAD 2D & 3D**
- 02. REVIT STRUCTURE**
- 03. BIM 360**
- 04. NAVISWORKS MANAGE**
- 05. SCAN TO BIM**
- 06. LIVE PROJECT INTERNSHIP**

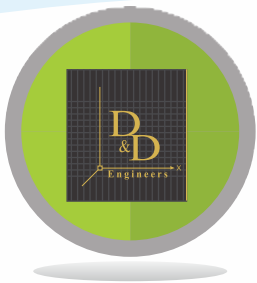

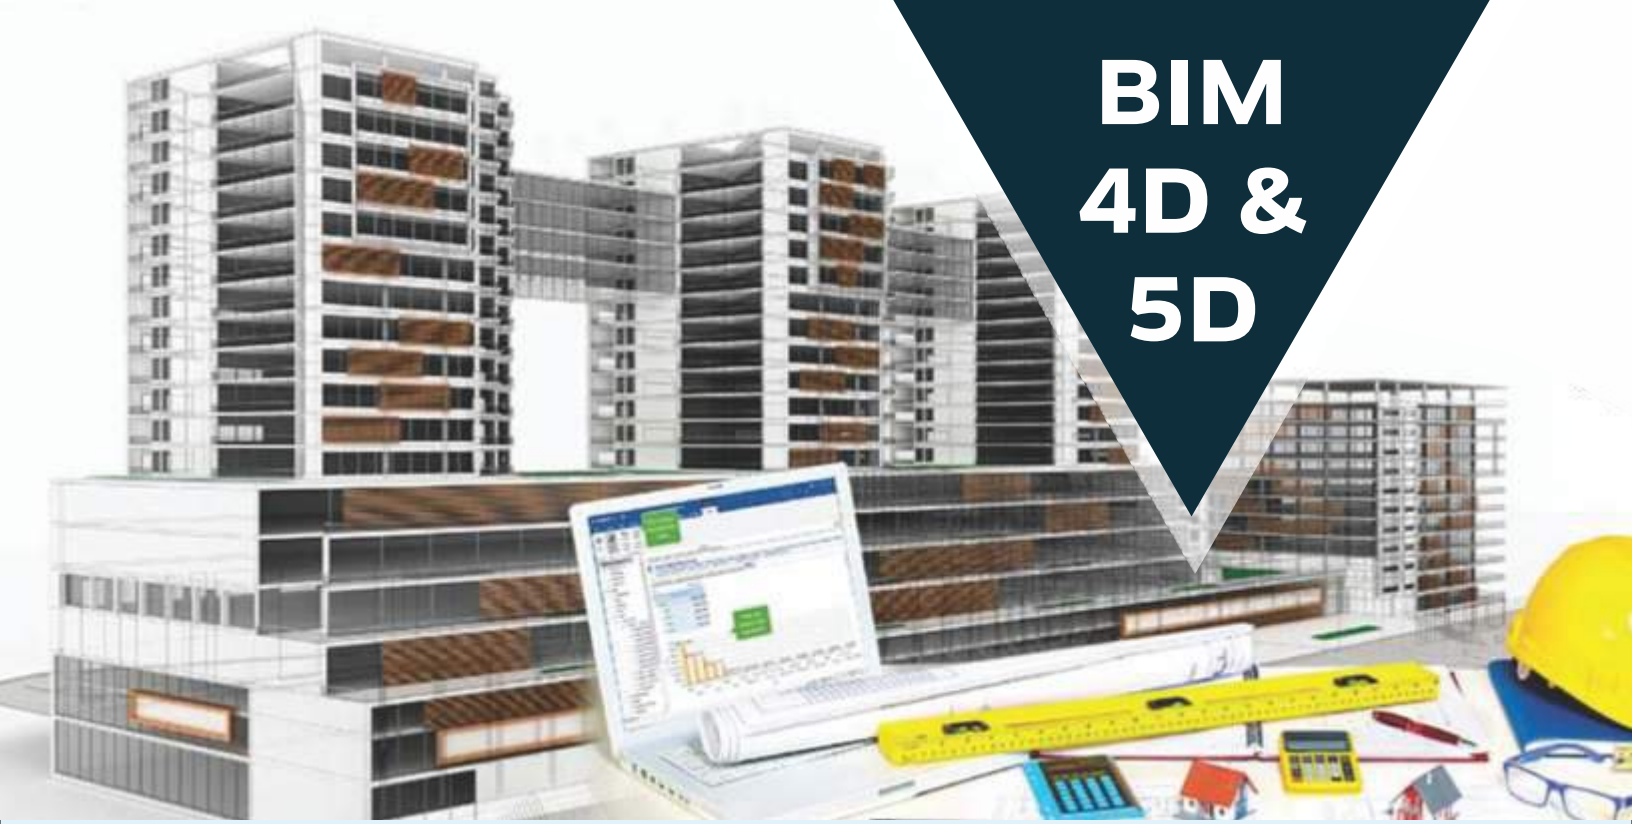

# BIM MEP

## **BIM MEP COURSE:**

- 01. AUTOCAD**
- 02. AUTOCAD MEP**
- 03. REVIT MEP**
- 04. BIM 360**
- 05. NAVISWORKS MANAGE**
- 06. SCAN TO BIM**
- 07. LIVE PROJECT INTERNSHIP**

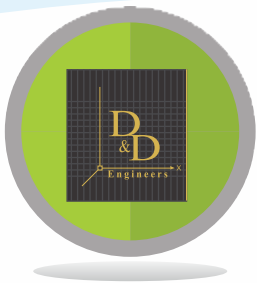

# BIM 4D & 5D

## **4D & 5D BIM COURSE:**

**01. PRIMAVERA P6**

**02. NAVIS WORKS MANAGE**

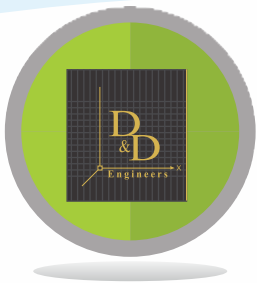

# BIM Addi.

## VALUE ADDITIONS WITH COURSES:

- VISUALIZATION , CLASH CORDINATION , INTERIOR PROJECTS AND MANY MORE
- WEBINAR SESSIONS ON CAD COURSES
- ONLINE SESSIONS FROM INDUSTRY EXPERTS TO UNDERSTAND GLOBAL MARKET TRENDS , INNOVATIONS IN LATEST TECHNOLOGIES .
- HELPING ENGINEERING STUDENTS FOR FINAL YEAR PROJECT SUBMISSION IN BIM .
- HELPING INDUSTRY PROFESSIONALS TO DEMONSTRATE LIVE PROJECTS IN BIM
- PLACEMENT ASSISTANCE IN M N C .
- PORTFOLIO & CV BUILDING ASSISTANCE

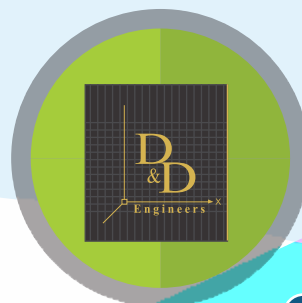

## CONTACT US

We look forward to provide our BIM training to keep you in contact with market needs and trends which would help you to grow and build your career at great pace.

We help in digital transformation of organizations by providing training.

We also help colleges & institutes to help student's career building in BIM technology.
